

Choose excellent
care
in the heart of Paris

A HEALTH CARE FACILITY AT THE FOREFRONT OF INNOVATION IN THE HEART OF PARIS

The Diaconesses Croix Saint-Simon hospital group is **the largest private non-profit health care facility in the east of Paris** in terms of the number of beds and diversity of specialties offered from within 3 divisions: **medicine, surgery and obstetrics and gynaecology**. For more than 150 years, the two hospitals united within our establishment have treated Parisians and, more broadly, French and international patients who come in large numbers to benefit from **the high quality of our care**.

Our hospital group is a **precursor, pioneer and number 1** in hospital and clinic rankings in most of its disciplines, its care combines **technicality, innovation and humanity**. It actively participates in **dynamic clinical research** on an international basis and allowing access to **therapeutic innovation** and the **latest protocols**.

HOW DO I RECEIVE TREATMENT AT THE DIACONESSES CROIX SAINT-SIMON HOSPITAL GROUP?

Are you an international patient, not affiliated with French social security or have private, state or other insurance and would like to come and be treated at our facility? The 3 main stages of your care are as follows:

Stage 1: Transmission of medical records:

- A photocopy of your passport
- A photocopy of your insurance card if you have one
- Address and phone number
- Recent medical file summarizing the patient's general health, treatment received and ongoing treatment
- Operative report, inpatient report, report of any medical imaging that may have been performed
- Biological and/or histological results

Upon receipt of the file, it is sent to our medical team for expertise and a possible request for treatment. You will get a first opinion as quickly as possible, within a maximum of 48 hours

Stage 2: Estimation of costs:

After acceptance of the medical file by our medical team, an estimate of the costs will be sent to you. Please note that medical expenses are to be paid before any scheduling and prior to arrival at the hospital. For patients covered by insurance, you will be asked for confirmation of financial coverage of all the costs of your estimate.

Stage 3: Scheduling of stay:

After receipt of payment, your medical stay will be organized and an appointment notification will be sent to you.

Our hospital group works in partnership with the Rothschild Foundation Hospital, with a shared international department at your disposal 24/7 by telephone on **+ 33 1 44 64 43 43** and by email **international@hopital-dcss.org**.
